

The IEEE International Symposium on Multimedia (ISM 2016)

# Call for Workshop Proposals

San Jose, California, USA

December 11-13, 2016

The IEEE International Symposium on Multimedia (ISM2016) is the flagship conference of IEEE Technical Committee on Multimedia (TCMC) and an international forum for researchers to exchange information regarding advances in the state of the art and practice of multimedia computing, as well as to identify the emerging research topics and define the future of multimedia computing.

The IEEE ISM2016 organizing committee invites proposals for workshops to be held in conjunction with the symposium. The workshops aim to explore focused interest areas and provide international forums for scientists, engineers, and computer users to exchange and share their experiences, new ideas, research results, and applications on hot topics of multimedia computing.

## Workshop Proposal Guidelines

A workshop proposal should include:

1. Workshop title
2. A draft "Call for Papers" articulating scope and topics covered by the workshop
3. The relationship and significance to the conference themes
4. Program chair(s), and, if available, tentative program committee
5. A one-paragraph biographical sketch for each organizer, describing relevant qualifications, including research and conference/workshop organizing experience and the history of the workshop if being offered before

All workshop proposals will be reviewed by the Workshop Co-Chairs. Please submit proposals to the workshop co-chairs via email to [ism2016workshops@gmail.com](mailto:ism2016workshops@gmail.com). Papers from workshops will be presented at IEEE ISM2016, and included in the Proceedings.

## IMPORTANT DATES

Workshop proposal submission deadline: May 8, 2016

Notification of acceptance: May 15, 2016

## Workshop Co-chairs

Min Chen, *University of Washington Bothell, USA*

Robert Mertens, *HSW University of Applied Sciences, Hamelin, Germany*

Yonghong Tian, *Peking University, China*

Yamasaki Toshihiko, *The University of Tokyo, Japan*
